

PRODUCT DETAILS				
NAME	Lucky Penny™	SIZE: 3kg	BARCODE	9356532010163

PRODUCT OVERVIEW
Lustre FX [®] Lucky Penny™ copper powder is a fine grade non-ferrous metal with a soft reddish pink hue. Designed to be mixed into one of Lustre FX™ proprietary metal binders: Flex FX™ / Phat FX™ / Hard FX™ to form a copper metal coating for interior or exterior creative use.

PRECAUTIONS AND LIMITATIONS
<ul style="list-style-type: none"> Lucky Penny™ when mixed with one of Lustre FX[®] binders forms a metallic copper coating. Spreading rates will vary from the quoted figures depending on the porosity of the substrate, surface texture, application methods and environmental conditions (e.g. wind) Do not apply if the surface temperature is above 40°C, or below 10°C. Dry times apply to a single coat at 25°C at the recommended spread rate and 50% relative humidity. Allow longer dry times under moist or cool conditions. It is the applicator's responsibility to ensure the substrate condition is of a sufficient standard to produce the subsequent specified finish. That it is free of contaminants, and any loose material is removed prior to application. Joint deformation or cracking of the substrate is outside the control of Lustre FX[®] control and therefore excluded from warranty terms. Due to the nature of metal powders they can change colour hues from batch to batch, so if you are using Lucky Penny™ from different batches for one job we suggest mixing them together first for uniform colour consistency.

TYPICAL PROPERTIES		
CLEAN UP	 Water if mixed	 Sweep if spilled
APPLICATION METHOD	When mixed : Spray Gun, Roller, Sponge or any Decorative Tool	

TYPICAL MIXING FORMULA - COPPER (1 : 3 Ratio) 1 part binder: 3 parts metal		
Total Mixture (ml)	Binder (ml)	Metal (g)
100	25	75
200	50	150
400	100	300
600	150	450
800	200	600
1000	250	750
1500	375	1125

COVERAGE YIELD	
Theoretical Spread Rates (m) Based on sprayed high polish finish 1 x coat	
60g Flex FX: 180g Copper	1sqm
600g Flex FX: 1800g Copper	10sqm
1kg Flex FX: 3kg Copper	16.9sqm
1.2kg Flex FX: 3.2kg Copper	20sqm
5kg Flex FX: 15kg Copper	84.5sqm

APPLYING PATINAS
Copper metal coating displays a rich, soft pink desirable finish when applied on its own. However for an aged oxidised affect we suggest applying Lustre FX signature range of Patinas. For green verdigri highlights try either Apple Verde™ or Ocean Verde™ for blue hues, or combine them both together for a unique alchemy affect.

HEALTH AND SAFETY	
SDS (Safety Data Sheet) NUMBER	LFX0021

SAFETY PRECAUTIONS	
<p>Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation.</p> <p>SAFETY: Keep out of reach of children. Read label before use. Avoid breathing vapour. Wear protective clothing, gloves, eye/face protection and suitable respirator.</p> <p>FIRE: If material is involved in a fire use water fog (or if unavailable fine water spray), alcohol resistant foam, standard foam, dry agent (carbon dioxide, dry chemical powder).</p> <p>SPILLS & LEAKS: Clear area of all unprotected personnel. Slippery when spilt. Wear protective equipment. Absorb with sand or soil. Collect and seal in properly labelled drums. Refer to State/Territory Land Waste Management Authority for disposal.</p> <p>FIRST AID: If poisoning occurs, contact a Doctor or Poisons Information Centre (Phone Australia 131 126; New Zealand 0800 764 766). If medical advice is needed, have product container or label at hand.</p> <p>SWALLOWED: If swallowed, do NOT induce vomiting. Give a glass of water. Seek medical advice.</p> <p>EYE: If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.</p> <p>SKIN: If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If irritation occurs seek medical advice.</p> <p>INHALED: Remove from contaminated area. Seek medical advice.</p>	
HEALTH EFFECTS	IN CASE OF EMERGENCY PLEASE CALL 1800 033 111 (Australia) 0800 734 607 (New Zealand) if medical advice is needed, have product container or label at hand.

TRANSPORT AND STORAGE	
Store out of direct sunlight in a cool dry area. Lucky Penny™ product should maintain its properties for 24months if stored from excessive heat and cold temperatures in its original container.	
DISPOSAL	DO NOT pour down drains, refer to local regulations for the disposal of water-based waste. Recycle empty containers in accordance with current regulations.

DISCLAIMER

The data provided within this PRODUCT DATA SHEET ("PDS") is correct at the time of publication, however it is the responsibility of the applicator using this information to check that it is current prior to specifying or using any of these coating systems.
