

NON-HAZARDOUS, NON-DANGEROUS GOODS

1. MATERIAL AND SUPPLY COMPANY IDENTIFICATION

Product name: TOUGH AS - MATT PART A

Polyurethane Water-Based Sealer Matt Part A

Synonyms

Tough As, Polyurethane Water-Based Sealer Matt Part A

Product Code

1061

Barcode

9356532010613

Recommended use: Clear coating for interior or exterior concrete and plaster surfaces.

Supplier: Lustre FX Pty Ltd

ABN: 82 638 855 704

Street Address: 6 Nick Ellis Place
Hume, ACT 2620

Telephone: (02) 6260 2153

Emergency Telephone number: Australia – 1800 033 111

2. DANGEROUS GOODS CLASSIFICATION

Not classified as hazardous according to the criteria of Safe Work Australia.

3. COMPOSITION AND INFORMATION ON INGREDIENTS

Ingredients determined not to be hazardous

100%

4. FIRST AID MEASURES

If poisoning occurs, contact a doctor or the Poisons Information Centre (Australia: 13 11 26).

Inhalation: Remove victim from exposure - avoid becoming a casualty. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position and keep warm. Keep at rest until fully recovered. Seek medical advice if effects persist.

Skin contact: If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. If swelling, redness, blistering or irritation occurs seek medical assistance.

Eye contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical advice if irritation persists.

Ingestion: Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. Never give anything by the mouth to an unconscious patient. If vomiting occurs give further water. Seek medical advice.

PPE for First Aiders: Wear appropriate personal protective equipment, including gloves and eye protection, where contact with the product is likely.

Notes to physician: Treat symptomatically.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media: Use extinguishing media appropriate for the surrounding fire.

Safety Data Sheet

Specific hazards: Product is not classified as flammable. Dried product residues may burn if involved in a fire.

Firefighting advice: Firefighters should wear self-contained breathing apparatus and protective clothing where required.

6. ACCIDENTAL RELEASE MEASURES

SMALL SPILLS

Wear protective equipment to prevent skin and eye contamination. Avoid inhalation of mist or aerosol. Wipe up with absorbent (clean rag or paper towels). Collect and seal in properly labelled containers or drums for disposal.

LARGE SPILLS

Clear area of all unprotected personnel. Slippery when spilt. Avoid accidents, clean up immediately. Wear protective equipment to prevent skin and eye contamination and the inhalation of mist or aerosol. Work up wind or increase ventilation. Use absorbent (soil, sand or other inert material). Collect and seal in properly labelled containers or drums for disposal. If contamination of crops, sewers or waterways has occurred advise local emergency services. Prevent entry into drains, sewers and waterways.

7. HANDLING AND STORAGE

Handling: Avoid contact with eyes and prolonged or repeated skin contact. Avoid generating or breathing mist or aerosol. Wash hands thoroughly after handling.

Storage: Store in a cool, dry, well-ventilated place, out of direct sunlight and away from incompatible materials. Keep containers closed when not in use and stored upright. Keep away from food, drink and animal feed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Workplace exposure standards: No workplace exposure standard has been established for this product.

Engineering controls: Provide adequate ventilation. Avoid generating or breathing mist or aerosol.

Personal Protection Equipment:

Eye/face protection: Wear safety glasses or goggles where splashing may occur.

Skin protection: Wear protective gloves and clothing where repeated or prolonged contact is likely. Nitrile gloves may be suitable; select gloves appropriate to the task and exposure duration.

Respiratory protection: Respiratory protection is not normally required. Where ventilation is inadequate or mist/aerosol may be generated, select and use respiratory protective equipment in accordance with AS/NZS 1715. Respiratory protective equipment must comply with AS/NZS 1716.

Hygiene measures: Do not eat, drink or smoke while using this product. Wash hands and exposed skin thoroughly after handling and before eating, drinking or smoking. Remove contaminated clothing and wash before reuse. Ensure eyewash facilities are readily available where product is handled.

9. PHYSICAL AND CHEMICAL PROPERTIES

Form: Liquid
Colour: Milky
Odour: Slight

Solubility: Miscible with water
Specific Gravity: 1.04

Safety Data Sheet

Relative Vapour Density (air=1):	>1
Vapour Pressure (20 °C):	2.3 kPa @ 20 °C
Flash Point (°C):	Not Applicable
Flammability Limits (%):	Not Applicable
Autoignition Temperature (°C):	Not Available
Melting Point/Range (°C):	Not Available
Boiling Point/Range (°C):	>100
pH:	Not Available
Viscosity:	Not Available
Total VOC (g/Litre):	Not Available

The values stated are typical and are not intended as product specifications. Refer to the Product Data Sheet for application information.

10. STABILITY AND REACTIVITY

Chemical stability: Stable under normal conditions of storage and use.

Conditions to avoid: Excessive heat and direct sunlight.

Incompatible materials: Strong oxidising agents.

Hazardous decomposition products: Carbon oxides, smoke and other toxic fumes may be produced in a fire.

Hazardous reactions: No known hazardous reactions under normal conditions of use.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure: Inhalation of mist or aerosol, skin contact, eye contact and ingestion.

Inhalation: Mist or aerosol may cause temporary respiratory discomfort.

Skin contact: Prolonged or repeated contact may cause mild irritation.

Eye contact: May cause temporary eye discomfort.

Ingestion: May cause gastrointestinal discomfort if swallowed.

Based on available information, the product is not classified for acute toxicity, skin or eye irritation, sensitisation, aspiration hazard, mutagenicity, carcinogenicity, reproductive toxicity or specific target organ toxicity.

12. ECOLOGICAL INFORMATION

Avoid release to drains, sewers and waterways.

Based on available information, the product is not classified as hazardous to the aquatic environment.

Ecotoxicity, persistence and degradability, bioaccumulative potential and mobility: Not available.

13. DISPOSAL CONSIDERATIONS

Dispose of contents and container in accordance with applicable local, state and national regulations. Do not allow product to enter drains or waterways.

14. TRANSPORT INFORMATION

Product Name: TOUGH AS - MATT PART A

Reference No: LFX0061

Issued: 2026-09-26

Version: 2.0

Page 3 of 4

Safety Data Sheet

ROAD AND RAIL TRANSPORT

Not classified as Dangerous Goods for transport by road or rail according to the Australian Dangerous Goods Code (ADG Code).

MARINE TRANSPORT

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

AIR TRANSPORT

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

15. REGULATORY INFORMATION

Poisons Schedule: Not scheduled.

Australian Inventory of Industrial Chemicals: All components of this product are listed on, or exempt from listing on, the Australian Inventory of Industrial Chemicals.

16. OTHER INFORMATION

Reason for issue: Five-year review and update of Australian regulatory wording.

Revision date: 26 September 2026.

Supersedes: 15 May 2020, Version 1.0.

Prepared in accordance with: Safe Work Australia Model Code of Practice: Preparation of Safety Data Sheets for Hazardous Chemicals and GHS 7.

This Safety Data Sheet has been prepared by Lustre FX Pty Ltd.

Safety Data Sheets are reviewed at least every five years. Please ensure that you have a current copy.

This information was prepared in good faith from the best information available at the time of issue. It is based on the present level of research and to this extent we believe it is accurate. However, no guarantee of accuracy is made or implied and since conditions of use are beyond our control, all information relevant to usage is offered without warranty. The manufacturer will not be held responsible for any unauthorised use of this information or for any modified or altered versions.

If clarification or further information is needed to ensure that an appropriate assessment can be made, the user should contact this company.

Our responsibility for product as sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available upon request.
